

VOTERS SHOULD REGISTER TODAY

Every Person Included Whose Name Is Not on the Roll Books.

TRANSFERS MUST BE MADE

MUST CONFORM WITH LAW BEFORE ELECTION.

Today is the last day to register before October. There are no registration days in September and an effort is being made by the political parties to get a large number of voters out to register today. Every one is required by law to register before he can vote at the fall election. Unless a large percentage of the voters register at an early registration date it is feared that the rush at the registration places on the last days will be so great that some of the voters will not be given the opportunity to register and will thus be deprived of their vote.

If a person was a registered voter at the general election two years ago and has not moved from the district in which he was registered at that time he is not required to register again this year. All who have not previously voted at a general election in Salt Lake and all who have moved from the district in which they voted two years ago are required to register again this year or to get their names transferred from the books of the district in which they voted two years ago to the roll books of the district in which they now reside. It is urged that to avoid all difficulty every voter should go to the registration agent to ascertain whether or not his name is on the registry books. The places where the voters may register today and the names of the registration agents for each district in the county follow:

The list of registration agents with the

addresses at which they may be found is as follows:

HEADQUARTERS ARE OPENED.

"American" Party Begins Campaign with New Offices.

The state, county and judicial headquarters of the "American" party now occupy seven rooms at 212 South Main street. The new offices were opened yesterday by the county committee. Chairman McIntyre has moved from his office in the Atlas block to the new quarters and from now until after the campaign will have active charge of the headquarters and the conduct of the campaign.

HARRY JOSEPH OBJECTS.

Says He Will Not Allow His Name on "American" Ticket.

Somewhat interesting from the character and quantity of the verbiage was the conversation had between Joe Lippman, "persuader" and campaign advisor of the "American" party, and Harry Joseph, of the "barkeesh" of the federal bench. Joe Lippman declared the "American" ticket would sweep the county and judicial district. Joseph laughed scornfully and declared that the Republicans would get all of the "American" votes because it was a presidential year and the voters would be forced to vote the Republican ticket to get the opportunity to vote for Taft. Then Lippman retaliated with the statement that there would be Taft electors on one of the "American" tickets. Whereupon Joseph became wrath. He declared that he was going to be nominated by the Republicans as a Taft elector and that he would refuse to go on the "American" ticket.

CHAFIN IN BOZEMAN.

Urges People of Montana to Vote for Prohibition.

Butte, Mont., Aug. 28.—A Bozeman special to the Miner says: Eugene W. Chafin, prohibition candidate for president, fired the first political gun of the campaign in Bozeman this afternoon. A very good audience greeted Mr. Chafin at the opera house, and his address was well received. Mr. Chafin said a prohibitionist does not have to be a total abstainer. He believes his party stands for revision of the tariff in a more radical degree than either of the old parties, and Mr. Chafin also stated that he does not believe that either of the old parties are sincere in their ante-election pledges for revision. The people believe in prohibition, and it is their duty to vote for it, said Mr. Chafin.

Mr. Chafin left this afternoon for the west.

WARNED AGAINST POLITICS

Postoffice Department Orders That Employees Refrain From Participation in Fall Campaign.

Washington, Aug. 28.—The postoffice department today promulgated an order relative to political activity in the federal service, addressed to the officers and employees of the postoffice and postal service. The order renews passages of the previous officials' provisions on pernicious activity, and cites the commission's order of June 6, 1907. This gives the president's amendment to the civil service rules, which prohibits persons in the executive civil service from official authority or influence for the purpose of interfering with an election or the result thereof, and declaring that persons in the competitive civil service, while retaining the right to vote as they please and to express privately their opinions on all political subjects, shall take no active part in political campaigns. Today's order also quotes the civil service commission's letter to the president last March urging greater severity in the penalty imposed for such violations, and embodies a memorandum furnished by the civil service commission giving warning against political assessments and partisan activity of officeholders.

The postmaster general has directed that the notice be posted conspicuously in all offices of the department, all classified postoffices, and offices of division superintendents.

POLICE PROBING MYSTERY

Motive of Mysterious Assailant of Baltimore Clubman Cannot Be Learned.

Atlantic City, Aug. 28.—Refusing to accept the stories that Charles B. Roberts, the wealthy clubman of Baltimore, was shot by a highwayman while in a rolling chair on the board walk with Mrs. W. S. G. Williams, also of Baltimore, on Wednesday night, the police of this city tonight are still working upon the theory that the Baltimore man was the victim of an entanglement. While they will not say that they believe Mrs. Williams' husband knows something about the shooting, they admit that he will not be eliminated from the case until he has proved that he not only was not in Atlantic City, but that he was entirely ignorant of the shooting.

The wounded man is still in a serious condition at the City hospital. The physicians will not probe for the bullet in his liver until his condition improves. They fear that to operate upon him now might prove fatal.

Mrs. Williams is still at the Hotel Brighton. The colored man who was pushing the rolling chair in which Roberts and Mrs. Williams were riding at the time of the shooting is still held as a witness.
